Welcome to Young Climbers

We are very excited that you are interested in our Preschool.

This package contains information to make your child's experience at Preschool become a smooth transition from home. The information we need in these forms is for your child's protection. This handbook has valuable information that explains our program and our policy's which will give insight to what Young Climbers has to offer.

At Young Climbers, we offer a wide variety of activities to enhance your child's development. At our play-based theme Preschool, we introduce the children to letters and sounds of the alphabet. We provide many activities during class to prepare your child for kindergarten. We go on approximately seven field trips a year in the community to develop your child's learning experience. Field trips like the Pumpkin patch, carnival Fun World, horseback riding and many others. In December, your children get to star in a Christmas performance for you and your family and perform for you. In June, we have a graduation ceremony for those going into Kindergarten and have a special party afterwards.

Our goal is to build a community in this Preschool and to build friendships that will last a life time. If you have any further questions, please do not hesitate to call, as we would love to support and help you in your decision. We understand that your child is precious and is very important to you, as they are to us. We want to make your child's school experience to be the best!

Sincerely,

Mrs. Nancy
